

STATEMENT

CHINA ROHS 2 – SJ/T 11363-2021 / GB/T 39560

Scope

This declaration applies to HUMMEL AG product lines: cable glands, circular connectors and building technology products. It refers to all products in these lines, unless product-specific documentation states otherwise. The scope covers all products developed, manufactured, or placed on the market by HUMMEL AG within the mentioned product lines.

Principle

HUMMEL AG tests its products according to China RoHS 2 (SJ/T 11363-2021 / GB/T 39560) and ensures that only substances actually present in our products are listed and declared. Based on current knowledge, our brass and aluminum materials contain lead (CAS No. 7439-92-1) above 0.1%, while all other relevant substances are below the permissible limits or not present.

Relevant Substances

To the best of our knowledge, the following substances are present in our products:

- // In our products made of brass and aluminum, lead (CAS No. 7439-92-1) is present with a concentration > 0.1%.
- // All other substances listed in China RoHS 2, including cadmium, mercury, chromium VI, PBB, PBDE, and the four newly added phthalates, are not present in our products.

Due Diligence

This declaration is based on supplier information, internal material and product assessments, and reasonable control measures. It does not replace legally required technical documentation or registrations.

Validity

This declaration is valid at the time of issuance. Changes in materials, supply chains, or legal requirements may lead to updates of this declaration.

Liability

This declaration has been prepared to the best of our knowledge and belief. Liability for the completeness or accuracy of supplier-provided information is excluded to the extent permitted by law. It does not constitute a warranty or guarantee.
