

# STATEMENT

## CONFLICT MINERALS – DODD-FRANK ACT SECTION 1502

### Scope

This declaration applies to HUMMEL AG product lines: **cable glands**, **circular connectors** and **building technology** products. It refers to all products in these lines, unless product-specific documentation states otherwise. The scope covers all products developed, manufactured, or placed on the market by HUMMEL AG within the mentioned product lines. The declaration addresses the use of conflict minerals, in particular tantalum, tin, tungsten, and gold, including their derivatives.

### Principle

HUMMEL AG takes its responsibility regarding compliance with the Dodd-Frank Act, Section 1502, and EU-Regulation 2017/821 very seriously. These regulations cover trade in minerals from countries affected by armed conflicts and require suppliers of U.S. publicly listed companies to demonstrate that the minerals used do not contribute to funding conflicts.

### Relevant Substances

- // The affected minerals are tantalum, tin, tungsten, and gold, including their derivatives.
- // All relevant suppliers have been requested to disclose the origin of these minerals and provide written confirmation that the requirements of the Dodd-Frank Act are met.
- // Based on current knowledge, the minerals/materials used in our products (e.g., gold plating on connectors) do not originate from conflict regions and do not contribute to the financing of armed conflicts.

### Due Diligence

HUMMEL AG continuously monitors its supply chains and maintains close contact with suppliers to ensure compliance with the applicable regulations.

### Validity

This declaration is valid at the time of issuance. Changes in supply chains, materials, or legal requirements may necessitate an update.

### Liability

This declaration has been prepared to the best of our knowledge and belief. Liability for completeness or accuracy of supplier-provided information is excluded to the extent permitted by law. It does not constitute a warranty or guarantee.
