

STATEMENT

EMC DIRECTIVE – 2014/30/EU

Scope

This declaration applies to HUMMEL AG product lines: **cable glands**, **circular connectors**, and **building technology** products. It refers to all products in these lines, unless product-specific documentation states otherwise. The scope covers all products developed, manufactured, or placed on the market by HUMMEL AG within the mentioned product lines.

Principle

HUMMEL AG confirms that the above-mentioned products are not subject to the scope of the EMC Directive 2014/30/EU, as they are passive mechanical components without any electrical or electronic functionality.

Due Diligence

This declaration is based on technical product evaluations and internal product information. HUMMEL AG maintains appropriate, risk-based processes to identify relevant product requirements with respect to electromagnetic compatibility.

The cable glands are developed and manufactured in accordance with the requirements of DIN EN 62444. This declaration does not replace statutory requirements or consider future regulatory changes.

Validity

This declaration is valid at the time of issuance. It will be reviewed on an as-needed basis and updated in case of changes in legal requirements, materials, technical specifications, or supply chains.

Liability

This declaration has been prepared to the best of our knowledge and based on information currently available. Liability for completeness or accuracy of the underlying information is excluded to the extent permitted by law.
