

STATEMENT

SHIP RECYCLING – REGULATION (EU) 1257/2013

Scope

This declaration applies to the product lines **cable glands**, **circular connectors**, and **heating and drinking water components** of HUMMEL AG, including accessories made of brass. It covers all products in these lines unless separate product-specific documentation exists. The scope includes all products developed, manufactured, or placed on the market by HUMMEL AG within the mentioned product lines.

Principle

HUMMEL AG is committed to compliance with the requirements of Regulation (EU) No. 1257/2013 on Ship Recycling. Based on current knowledge, certain brass components in the mentioned product lines may contain lead (CAS No. 7439-92-1) > 0.1 %, which triggers reporting obligations under the Ship Recycling Regulation. Compliance with all applicable legal requirements is ensured.

Relevant Substances

- // Lead content in some brass components exceeds the threshold of 0.1 %.
- // Other materials in the products are below applicable legal limits or are not present.

Due Diligence

This declaration is based on supplier information, material data, and internal product assessments. HUMMEL AG maintains appropriate and risk-based processes to identify, evaluate, and monitor regulatory requirements related to ship recycling. Regular communication with suppliers ensures ongoing compliance. This declaration does not replace statutory technical documentation or analyses.

Validity

This declaration is valid at the time of issuance. It is reviewed as needed and updated in the event of changes in legal requirements, materials, technical specifications, or supply chains.

Liability

This declaration has been prepared to the best of our knowledge and based on information available from suppliers at the time of preparation. Liability for completeness or accuracy of the underlying information is excluded to the extent permitted by law.

HUMMEL AG
